CONTACT REPORT:

PROJECT: CADROIT

TIME AND DATE: 28 May 1954 1830-2000

PRESENT: CARBOHYDRATE and []

PLACE : CARBOHYDRATE's Home.

1. CARBOHYDRATE reported that Dr Scheube died 27 May. This is the second person who has died in CADROIT in the past month.

2. CARBOHYDRATE reported that the personnel files of Heynen and Dr Enghl are missing. He stated that in questioning [], these files were given to [] predecessor during the original CART investigation and were never returned. (A check of this office revealed that they are not here either). [] has stated that new files will be started, but it may take some time before the gaps are filled in.

3. CARBOHYDRATE reported that one of the policemen in the CADROIT area has been arrested for being an SSD agent (low level). C. wrote the West Berlin police department ~~agency~~ and requested that this man, Willi Steller, be interrogated re CADROIT. The police answered that no information concerning CADROIT was obtained from him and that it appeared unlikely that Steller had any info concerning CADROIT.

4. As soon as the police have sufficient time for discussion, C. is going to approach the head of the black uniformed police to ask them to have an additional man posted on the CADROIT premises during the hour of darkness (two are there now). This man should be "armed" with a police dog.

5. CARBOHYDRATE submitted several reports concerning SSD matters (which have been forwarded to CART).

6. Based upon our joint study of the CADROIT Security check sheets, C. has called in an expert from a fire extinguisher company and based upon his suggestions, a sufficient number of different types of extinguishers have been procured. Enough have been obtained for the entire building. CARBOHYDRATE was instructed that as soon as he starts on his formal training course that employees should be trained in the manner of using these extinguishers.
